SUMMARY

Third-year Computer Science student at FAST NUCES building full-stack web applications with React, Node.js, Express, MongoDB, and PostgreSQL. Experienced in designing REST APIs, relational and NoSQL schemas, and collaborative team-built products from scratch to deployment. Recognized on Dean's List for academic performance.

EDUCATION

2023 – 2027 BS Computer Science at **FAST NUCES** (GPA: 3.23/4.0)

SKILLS

Languages Python, JavaScript, C++, SQL
Frontend React.js, HTML, CSS, jQuery, Vite
Backend Node.js, Express.js, REST APIs, FastAPI
Databases MongoDB, PostgreSQL, SQLite, Database Design
Tools Git, GitHub, Linux, Streamlit

EXPERIENCE

Teaching Assistant – Object-Oriented Programming January 2026 – Present
FAST NUCES, Chiniot-Faisalabad Campus

- Led weekly lab sessions for 50+ students on OOP concepts in C++, delivering structured feedback on graded assignments to improve completion rates.

PROJECTS

Smiley – Dental Health Tracker – JavaScript, React, Node.js, MongoDB github.com/.../smiley-dental-tracker

- Collaborated in a team to design and build a digital dental health management web app using MongoDB for patient records, as a semester-long Web Programming project.
- Implemented appointment-tracking and patient-record features using a shared Git workflow with multiple contributors.

Banking Application – JavaScript, Node.js, Express.js, PostgreSQL github.com/.../banking-app

- Built a full-stack banking system with user authentication, account management, and transaction processing using a relational PostgreSQL schema.
- Implemented RESTful API endpoints for deposits, withdrawals, and transfers, validating transaction integrity end-to-end.

Simple Social Web App – JavaScript, HTML, CSS github.com/.../Simple-Social-WebApp

- Developed a lightweight social-networking web app supporting posts, likes, and a dynamic activity feed using vanilla JavaScript.

Personal Portfolio Website – HTML, CSS, GitHub Pages bilalkalyar-200.github.io/portfolio.github.io

- Designed and deployed a responsive personal portfolio site showcasing projects, skills, and bio, hosted via GitHub Pages.

ACHIEVEMENTS

Fall 2024 Dean's List – FAST NUCES CFD

2025 ICPC Round II Participant – Represented FAST NUCES CFD at PUCIT Lahore

CERTIFICATIONS

2025 NASA Space Apps Challenge – Participation Certificate
